

On 06-21-2013 Myself and officers, Ellis, Catino and Chow, responded to a radio assignment of an employee who had just been fired from Lowe's and he was out of control and damaging property, As I was pulling into the lot of Lowe's, I received several descriptions of the male suspect. First he was in a beige jacket, then a red shirt then he took the shirt off and was in just a white tank shirt. He was now outside the store in the parking lot, removing clothing to change his appearance. An employee met me in the parking lot near the commercial pickup area and said that the male suspect, Omar, had just left in a blue or black Mercury. I had observed the Mercury pulling out of the area when I pulled into the parking lot, I turned around and observed the suspect vehicle turning East on Miles Rd. from the Lowe's property. I stopped the vehicle on Miles Rd. in front of Marshal Goldman Motors. The passenger in the vehicle was our suspect male, Omar Bey, he was wearing a white tank top and blue jeans, When I walked up to his side of the car, he stated the male I was looking for was wearing a red shirt, he was advised that he was the male and had already taken off the red shirt. He was removed from the vehicle, cuffed and patted down and placed in 1411. His mother, Anita Arrington-Bey was the driver of the vehicle, with the suspects permission all his property except for some medication, a small metal box with breath mints and a pack of razor blades was given to his mother at the scene. Omar Bey, was charged with criminal damage and disorderly conduct. He was returned to BHPD correction and placed in a cell. From the time Omar was placed in unit 1411 until he was taken to the corrections department, he did not stop talking, He was rambling and ranting and raving about every possible topic he could think of, He stated he takes medication for a psychiatric condition and has not taken his medication for several days and possibly several weeks. His mother confirmed that he does take medication for a psychiatric condition.

The damage to the store, consisted of Omar taking four one gallon cans of deck stain and throwing them on the floor, the cans leaked stain all over the floor of Lowe's and he knocked over a five gallon pail of stain which also leaked on the floor. He also knocked over several shelves of merchandise. Lowe's provided BHPD with a video from there security system documenting the rampage.
